Kinship Support Services In King County

Are you raising a
relative's child?

Kinship Navigator

The **King County Kinship Navigator** directs caregivers to the community resources described here, and provides information regarding other needs.

The Navigator also helps caregivers access the Kinship Caregiver Support Program (**KCSP**) which provides assistance with urgent needs such as food, clothing, transportation, legal fees, household items, school and youth activities, and one-time help with rent or utilities to prevent eviction or shut-offs. KCSP may be accessed from different agencies (see panel to the right) but it is access for the same fund. Caregivers may access the fund only one time in a 12 month period (regardless of which agency they come through).

What is Kinship?

Kinship caregivers are primary caregivers of their relative's children, such as grandparents, aunts and uncles, and close family friends (fictive kin).

An estimated 18,000 Kinship caregivers are raising relatives in King County.

Kinship caregivers offer children the chance to stay connected with their family, culture, neighborhood, and school.

Fellow Kinship caregivers and many agencies in King County are eager to help caregivers navigate services. Support groups meet regularly:

- www.dshs.wa.gov/kinshipcare
- www.fosteringtogether.org (groups include non-kinship families)

The **Caregivers Connection** monthly newsletter provides information for caregivers around the state. Sign up at www.dshs.wa.gov/ca/fosterparents.
